Privacy policy

lt.EU-DSGVO

As of May 2018

1. Consent to the use of data

We do not collect any personal data (eg name, date of birth, address, telephone number or e-mail address) from you via our website. Unless you voluntarily provide them to us, for example, in case of inquiries, orders, surveys, etc.) or the corresponding legislation on the protection of your personal data. We expressly point out that the transfer of data on the Internet (eg. E-mail correspondence) is never completely secure. Full protection of the data from access by third parties is not possible.

2. Purpose

The personal data provided by you will only be stored, processed and / or used by us for the purposes notified to you. Unless collected, processed and used for a purpose directly related to the original purpose for which the personal data was collected, based on a legal obligation or an administrative or court order, to justify or protect a legal claim or to ward off illegal activities.

3. Personal data

This is information that can be used to determine a person. Personal data is information that can be traced back to a person. This includes your name, your e-mail address and / or the telephone number. Furthermore, these data relate only to a natural person, not to a legal, so a company.

We do not sell or market your personal data, nor do we pass it on to third parties for any other reason. No "third parties" in this sense are companies or contact partners of H & H Development Industrial Software Solutions GmbH. Furthermore, we may pass on your personal data to H & H Development Industrial Solutions GmbH - Partner companies if this is necessary to achieve the purpose for which you provided us with the data (answering and / or processing of inquiries, orders, orders or shipping).

4. Collection, processing and use of personal data

Of course it is for us that you can visit our website without giving any personal information. All data stored by us are only access data without personal reference. We save for example: name of your Internet service provider, the page from which you visit us or the name of the requested file. All this is only evaluated to improve our offer and does not allow us to draw conclusions about your person.

When does H & H Development Industrial Software Solutions GbmH store personal data? For example, as part of your goods and production order or when creating an offer. But even if you provide us with data in a voluntary statement. Of course, we will use the data provided by you without your separate consent for the fulfillment and processing of the purpose associated with the respective data collection. Reason for this could be, for example, the consultation after data check, shipping, remittance and the like.

Of course, the consent given to you for the purpose mentioned above can be withdrawn at any time without stating reasons with effect for the future. Please send us a short e-mail to support@fleet-eye.eu or under the mentioned service number.

Personal data, which are voluntarily given to us as part of the use of free offers by the person concerned, can then be used for own advertising purposes.

5. Disclosure of personal data

Your data will only be disclosed by us if this is necessary to fulfill the tasks. This includes, in particular, the order processing, preparation of quotations or the execution of commissioned services. For this purpose, your data will only be passed on and processed to the extent required by service providers commissioned by us. First and foremost, these are shipping companies, credit institutions or suppliers. If you have opted for a postal service, then in addition to the address and the phone number or e-mail address to the shipping service provider will be transferred so that questions about the delivery are possible. A transfer to other third parties for marketing purposes to other companies does not take place.

6. Use of cookies

To be able to use our online offer in full, a so-called long-term cookie is used when calling certain internet pages. Cookies do not harm your computer and do not contain viruses. These cookies only serve to make our offer user-friendly, effective and secure. These are small text files that are stored on your computer and stored by your browser. Mostly browser cookies are accepted by default. You have the option to allow or ban cookies in the security settings. However, certain features may not be available on our website after cookies have been deactivated or may be displayed incorrectly. We do not link your

personal data, such as name, address and similar data, with the data from the cookies.

7. Contact, Newsletter

a. possible contacts

Via our web pages you can contact us via e-mail and / or via phone. If you do so, then the information provided by the user will be stored for the purpose of processing his contact. A transfer to other third parties does not take place in any case.

b. Newsletter Sign up

Via our web pages you can contact us via e-mail and / or via contact forms. If you

do this, then the information provided by the user for the purpose of processing his contact will be stored. A transfer to others

In any case, third parties are not. The given consent to the storage of the data, the e-mail address and their use for sending the newsletter can be revoked at any time, for example via the "unsubscribe" link below in the respective newsletter.

8. Integration of services and content of third parties

On the H & H Development Industrial Software Solutions GmbH website, third-party content may be involved. These can be, for example, YouTube videos, Soundcloud audio clips, Google Maps map material, but also RSS feeds, graphics, Gutmach.at and facebook postings. With these plugins, it is possible that the respective providers of this content perceive the IP address of the user, because the content without the IP address can not be sent to your browser. However, we try to ensure that we use only content for which the IP address is only used for their delivery. Nevertheless, we have no influence on it, if the IP address for third party content is stored by the respective provider, for example: for statistical purposes.

9. Data security

Of course, we secure our websites and other systems as far as possible by technical and organizational measures against loss, destruction, access, modification or dissemination of your data by unauthorized persons.

10. Links (hyperlinks) to third party websites

Our websites sometimes contain links to external websites of third parties. We have no influence on all linked content and can therefore assume no liability. For all linked pages, the respective provider or operator of these pages is responsible at any time. Of course, we checked the pages at the time of linking for possible legal violations. For us, illegal content at the time of linking were not recognizable, we must further note that a permanent control of content is not reasonable without concrete evidence of a violation. However, if we become aware of future violations, we will of course immediately remove such links.

11. Right to information

Upon written application in accordance with the statutory provisions, you have the right to obtain information about the personal data that has been stored about you free of charge. Furthermore, you have the right to correct incorrect data records or to delete your personal data, insofar as no statutory retention requirements or other laws conflict with the application. For this you can send us an e-mail to the following address: support@fleet-eye.eu
